The Clean Air Zone (CAZ) covers the eastern side of Bridge Valley Road.  
- This allows drivers travelling southbound on A4 Portway to be able to turn left into Bridge Valley Road without entering CAZ.  
- Note that large vehicles may not be able to turn left here. Therefore, their decision point is likely to be at Sylvan Way, approximately 2.5 miles before this point.  
- Drivers on A4176 Clifton Down will enter the CAZ at the top of Bridge Valley Road.
